I'm almost broke by Don't get this game on 2021/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing. I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",

Good game but... by 1-2-3! on 2021/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

Good game but glitches by lokeylovey on 2021/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, it's very annoying.",

Very fun but by Aaawwwwhhhhhh on 2021/01/11 23:29 It is a very fun game and I was loving it until I had played for a few months, then I realized there wasn't much of a point. I feel like if you want this game to be as awesome as it could be you should add some more upgrades. If you play the game for a short period you will be stuck on the same level for a long time. I had been stuck on a certain level for like a month before I decided to play again and it caused me to lose all of my good placements that I had racked up. If you can add some more tokens or something that would make this game better. Also I don't get why all these people got mad because they didn't get an update that they wanted. Sometimes it takes months to put an update out so if you don't get it then there is nothing we can do about it but still let people know since people are really upset that they didn't get the update they wanted.",

Coin master is an online only slot machine-style game which can be played anywhere in the world as long as you have an internet connection. The aim of the game is to earn new coins while playing mini games such as "slide or splat", "tap the fish", or "striped fish swim". These games are short, only lasting 20 seconds on average. The purpose of each game is to collect as many gold coins and gems which are the two main currencies in the game. The coins you collect may be used to spin the wheel when you have a "wheel spin", and the gems may be exchanged for clothes, backgrounds, or other items such as achievement badges

which contribute to your level. There are also very small amounts of other currencies in the game such as diamonds, but there is no use for these at all.",

Good but... by minecraftgirl_2021 on 2021/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins arenâ€™t cheap at all. I donâ€™t mind watching ads for getting coins and what not but I donâ€™t do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when Iâ€™m clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they donâ€™t even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I donâ€™t know what it is but Iâ€™ve been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you donâ€™t get any more coins or like any more credit for using that feature. Itâ€™s just a wasted ability.",

Fun but laggy by AaliyahHuggs on 2021/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. It's so frustrating when it lags and you can't do anything. It makes me delete the app. Also the amount of coins you get from spinning is way to low! It takes a lot of time just to get that much! Overall it's a fun game but it needs some fix ups.

"Best game ever! I love that you can play with friends anywhere, even when not connected to the internet. This game is so worth playing because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money."
