"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

Fun by lizzykitty77 on 2021/06/14 03:59 This game is fun and addictive you can win prizes and get free coins but there are to many adds. It takes a long time just to level up and get coins. But otherwise itâ€™s a great game!",

The rules are simple: 1) Start or join an existing chain with two coins in it (a small number). 2) When you have a chance to flip, flip your coin to make it land heads or

tails. 3) If you flip your coin and it lands on heads, your chain will add one more coin. If you flip your coin and it lands on tails, your chain will end with a space in between. 4) Keep flipping until the chain is empty or done!",

Phenomenal for five years and more by Kiki202120219 on 2021/09/22 02:35 Iâ€™ve had this game for 5 years and it hasnâ€™t let me down once. The only thing is I donâ€™t like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. Itâ€™s really hard to get diamonds but when you do, itâ€™s okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

The best game ever by katiecat23 on 2021/09/28 23:17 Best game I have ever played! It's so fun and addicting. I love this game. I'd definitely recommend it to anyone who likes games like this. It's so fun and challenging. I can't even stop playing it! The only thing that I don't like is the fact that you can't keep all the upgrades you buy, and have to keep buying them again for each different level. It would be better if you could keep the upgrades forever. Otherwise, this game is truly AMAZING!",

Raiding by jdjeibdndjkd on 2021/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didnâ€™t make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration.",

Fun but.. by The redhead cat on 2021/11/24 00:04 I love this game but the only thing is that ads keep popping up when you're just trying to play. I have a iPad so it's not a small screen and I know it's not my WiFi because all other games don't have that problem. It keeps happening when I'm in the middle of playing, which makes me lose and I just hate that part about it.",

Love the game but... by jenny2021 on 2021/02/26 21:28 I have been playing this game for a while now and I have come up with a few things that need to be changed. For one, how many times can you run out of troops? You can go through a whole hour without seeing any troops on your screen and then suddenly you will lose all of them! It really needs to be fixed cause it's so frustrating especially when you are in the middle of a battle! Another thing is that after 15 spins, the counter stops at 3 and if you don't spin again it stays there forever until you do spin again. It's too difficult to get enough coins for 15 spins and when that happens it makes me really upset because there are a lot of things I want to buy but I don't have the coins for them. It's just REALLY annoying. If someone was able to fix this, then it would be great!",
