On March 31, 2021, ROBLOX announced that they would be updating their policy on how they handle user information.[1] On May 5, 2021, a mass email was sent out from the company to its users informing them of changes made to their Privacy Policy and Terms of Use. The changes were made in the name of increased safety and security, and it was stated that the change was made in order to "protect [its] members."

At the end of a game, players can view and edit their stats by using the "My Stats" link. This section of Roblox allows players to view data such as number of games played, experience points, badges earned and a few others. Players can only see this section if they have played at least one game online that day.

There are lots of bugs in this game and we need a way to report them so they can be fixed or can be added into a sticky post. There is not enough room to write here, too much! So what I am going to do is go over the bugs and glitches that are in Roblox, then I will tell you how we can get them fixed or changed.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.

ROBLOX first came out in September 2021 when released the first version of their game Roblox Studio (similar to Scratch). This was the original creator of ROBLOX and was developed by Jason "Akile" Akilecz (JAMASOF) from October 19 to November 5. This is the first fully 3D program for ROBLOX. The original name was "Roblox", but it was changed due to a copyright lawsuit. The name was changed to "FunRoblox", and in 2021 the "Fun" part was dropped to make it simply Roblox.

- The fact that there are so many different games to play, it's hard to keep up with all of them. There is such a variety of games which leads to me getting easily confused on what game I was previously playing and where everything was set up. That's why I am always working on the same game over and over again.

In addition to the free version, Roblox also has a paid version, which was inspired by Roblox Studio's success. A Robux shop has been available since December 2021 (since December 2021 this can no longer be accessed unless you have purchased premium membership), for US\$4.95 (US\$5) per month or \$49.

On August 28th, 2021 ROBLOX announced the discontinuation of ROBLOX Custom Physics in favor of Bloxlet. This will eventually be released as an update so that all games made for Classic ROBLOX mode will automatically have the new physics system in place, but there is an unknown future for what will happen to those games when the discontinuation happens.

The lawsuit was filed in Los Angeles Superior Court and details how parts of "The Maze Runner" were used to create a ROBLOX game called "The Maze." The lawsuit alleges that Dr. J is notifying every author use of his game engine to give them the opportunity to either take down their games or have a section added to his website.

The developers of free games can offer premium features in their game. However, due to the fact that all premium features are only available in Builder's Club, in most cases they will if there is no way for the developer to observe this from a third-party mod or script perspective, then it can only be done via a Builders Club Premium [55][56].

In 2021, ROBLOX launched a new feature called Builders Club which allows players to create their own games. Builders Club costs 10 ROBUX to join and provides a variety of benefits such as allowing players to create games, more options for game creation including scripting (Lua, in ROBLOX's case), increased visibility, can use the "Builders Club" tag in places like their profile and group titles, ability to add new hats to the catalog, t-shirt sales in online store.

Don't be a cheapskate when it comes to getting free robux for games. Some people will spend money on virtual goods, but most of the time it is more cost effective just to play the game and earn the prizes. For example, many games offer you a way to win points that can be converted into robux currency. You can play without spending a cent and still be able to get free robux.

On April 24, 2021 ROBLOX announced that Builders Club would now cost 5 USD per month. As of 2021, Builders Club is no longer offered. On October 10, 2021 it was announced that you could now make game passes and sell them in the catalog for ROBUX or BC (Builders Concession). This includes some advantages over Free Mode such as being able to add a game trailer video, change the description of the game and enable the Flashlight on other players' devices. New users will begin with 100 ROBUX which is \$1 USD when they sign up for a new account. However, any user may donate any amount of ROBUX to get more in return.
