In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138] . ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The

person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

The way Roblox works is by creating an account. In this account, you will be able to make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in roblox. You can interact with other players that you meet in the game and even chat with them. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have too.

Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. ROBLOX also has a game engine called "Build" which can be downloaded for free to those wishing to develop games for their website.
