As of September 2021 Coin Master is available on the following platforms: Apple iOS, Google Android, Amazon Fire TV, and Amazon Fire Tablet. The developer states that they have no plans to release the game on PC or console platforms at this time. The game has received a tiered rating of 4 out of 5 stars (out of 1 votes), with a user review stating that "It's not a bad game at all", but that "I would say it's more candy than game". This rating puts it in line with other games in its genre.",

"Coins & Curses" received mostly positive reviews, with reviewers generally praising the humor and simplicity of the game. It currently holds a Metacritic score of 81/100 for iOS, 82/100 for Android and 86/100 for PC.",

The best game ever by katiecat23 on 2021/09/28 23:17 Best game I have ever

played! It's so fun and addicting. I love this game. I'd definitely recommend it to anyone who likes games like this. It's so fun and challenging. I can't even stop playing it! The only thing that I don't like is the fact that you can't keep all the upgrades you buy, and have to keep buying them again for each different level. It would be better if you could keep the upgrades forever. Otherwise, this game is truly AMAZING!",

The art-style is that of a retro style 8-bit game and the stages in the PC version are represented by a 2D top-down perspective where the player controls their character using a keyboard, mouse or touch pad. The mobile versions are more casual and use intuitive finger gestures instead of keys to move through gameplay. The mobile versions have 3D artwork rather than 2D sprites while also allowing the player to interact with their environment and other characters as they play. Each coin character has its own unique abilities while all coins have different stats in speed, attack strength, maximum health points and jump ability. The player can also collect coins and turn them into gems and the player can use these to buy new items.",

On September 28, 2021, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for Android as a free app (it is not available on iOS). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 3.0 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 4.0 out of 5 stars (out of 1 vote).",

The game averages over 1,250 reviews with a rating between 4.5 stars to 4.8 stars across all platforms according to Google Play's and Apple's App Stores. The game's graphics are generally of an attractive and colorful nature. The characters featured in the game, while themed around coins, have been described as similar to "a kid's metal-head toys", with unusual characteristics that match the gameplay. The packaging of individual coin cards have also been described as "retro" in design.",

Good game by Kiyaa on 2021/11/14 17:12 This game is fun and addictive and perfect for passing time but there are some glitches with the game. First off, when an item goes out of stock, you can spend hours or days trying to get back into the item. Secondly, the cheating needs to be fixed. You can see when someone has low health and attack them. They have the option to block you, but they can still win. There is nothing you can do about it. Third, the spells and potions aren't really useful. The spell usually only goes through to your opponent one time so that's pointless. The potions are also very expensive and don't really do much of anything for you. Lastly, I would like it if there were some way to get more coins because when there are special items that cost 2021 or more coins I have to spend an entire day saving up for them. It really gets old once you get more coins than everyone else.",

Noooooo by Binkybunnykitty2021 on 2021/11/02 15:06 There is wayyyy too many ads

in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone.",

Boring by tommiessausage on 2021/10/31 12:19 With over six hundred levels of play, this game should get a lot more attention. Don't get me wrong, the graphics are good and the gameplay is engaging, but it's just so bland and uninspiring. It's like a run of the mill jigsaw puzzle with puzzles you've seen before. It also never lets up with adds and very little feedback when you successfully complete a game level. There should have been some form of ending criteria as well as feedback on your performance in game mode. Simply put: it's just boring.",

Great game by Big\_Doofy on 2021/12/14 21:02 This is the best game ever. It's very addictive and fun to play. I usually play this while I'm bored and waiting for commercials to end during my tv show or when I'm bored. But, sometimes if there is an add, the add doesn't go away until you watch it even if you swipe it away. But other than that this is a great app!",

On June 24, 2021, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a free app (it is not available on Android). A spin off title for iOS devices called "Coin Master: Dig Deep" has been released by UPI (United Pixelworkers). On January 10, 2021 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by

United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2021 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".",

Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it. Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

Fun, but.. by Aqueela on 2021/12/14 12:46 First of all, I love the concept of this game and, as an avid puzzle solver, I enjoyed completing the puzzles needed for each level. The game has some great features such as timed puzzles, word hints and more. However, I do have a few criticisms. First of all, the ads are sooo annoying! I've downloaded over 10 games in the past 2 weeks and every one of them had to be deleted because of the ads. Secondly, I was kind of annoyed with having 2 sets of tiles in a level then receiving new tiles from the previous board when you complete it. Finally, the timed levels were not that challenging and could have been better developed (so that you could make mistakes without losing time).",

Players earn coins from every completed quest type and can exchange their coins for real monetary value at the "Coin Master" website. There are also certain booster packs that can be purchased for real money which contain random rare cards that

can be used in quest matches.",

Phenomenal for five years and more by Kiki202120219 on 2021/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. This game has so much potential, but in its current state I can only say this about the game... "It had promise."",
